Kathleen Holmes is on the Board of Directors of The Northfield Golf Club & on the city council. This may be a conflict of interest in regard with the Wall Street project. The bike path & sidewalk on the south side of Wall makes more sense, would be vastly less expensive, avoid replacing 2 retaining walls, cutting down dozens of trees some more than 300 years old & being very intrusive to Oaklawn Cemetery. The bike paths & sidewalks on the south side of Wall Street would be somewhat intrusive with the private golf course but could be mitigated with nets. Any vote on the Wall Street project could be revisited with Ms. Holmes recusing herself.
