

* Justin Wagner listed 5 ways homeowners can remove manganese at home, one of those is the use of a water softener.

*What percent of homes have a water softener?

* Soft water is 0-1 grain per gallon, the city must not say they are providing " soft water" at 5-7 grains" per gallon. Home owners will still have to maintain their water softener.

* Legacy water issues must be addressed after the new plant goes online,
and the community must be aware of the potential issues that could arise.

* Justin has said funding is not approved as yet from the federal government. If we do not receive the funding, the rate payers will pay for the cost of the water treatment plant, that's us.
